With great admiration and deep appreciation for his helping us through this school year, we the Seniors of Alamance High School, 1960, dedicate this volume of SMOKE SIGNALS to our new principal, Mr. R. L. Billings, Jr. We hope that future senior classes will enjoy being the beneficiaries of his broad experiences and great skill for organization as much as we have.

CLASS POEM

TWELVE HAPPY YEARS

The time has come
To call an end
To twelve happy years.

The happiness, the joy,
The good days and bad
Of twelve school years.

And quibbles, of course,
Had to come
With those twelve years.

But older now and brighter,
We approach the world
After twelve growing years.

And now we ask ourselves,
"Have we reached our goal?"
At the end of twelve happy years.

Jean Tuttle, Poet

We are looking forward to our twelve happy years.

With these classes we bring to an end our twelve years

History and Prophecy

On a bright day in September of 1957, a group of excited students entered an entirely new world. This world was called "High School."

In this new world we started at the bottom as Freshmen. It was like going up steps. You start at the bottom and make your way up, up, until you reach the top.

We really started at the bottom! We were about the lowest creatures in Alamance High. We didn't mind though; we had a lot of fun.

With the help of Mrs. Ross, Mr. Payne (our homeroom teachers) and our new principal, Mr. Cromer, we made our way up to the second step. After a trying year and a short summer we were back in school as Sophomores. Mrs. Nichols, our homeroom teacher, backed us in everything we did. The selling of candy and magazines increased the amount in our treasury greatly. We made more money in our sophomore year than almost any other class has in the history of Alamance.

Another year passed and we moved up another step. We became Juniors. We had many things to do and a short time to do them in. We made more money for our treasury with the help of Mrs. Farrell. Early in the year we ordered our class rings. Everyone agreed on ruby. On Thursday, February 5, 1959, we finally got those beautiful rings. For weeks we walked around holding our hands out.

In March we started making plans for the Junior-Senior Banquet. After much hard work we completed our plans and decorations. On April 4, 1959, at the Alamance Oriental Garden a banquet was held in honor of the Seniors of 1959. Everyone had a grand time.

Another summer passed; we were back in school again. At last we reached that top step. Now we are Seniors, but not for long. We have done a great many things this year. There were the hard times trying to get the TOM-A-HAWK out on time, putting on a senior play, and preparing for our long-awaited senior trip to New York and Washington. We couldn't have done all these things without the help of Mrs. Hicks, our advisor, and our new principal, Mr. Billings.

Now it is almost time for graduation. It seems almost impossible; only four short years ago we started up the steps. Today we are at the top. It is a happy time but also a sad time. We surely hate to leave our dear old Alamance.

With all the happy and thrilling moments of high school life left behind, the Seniors of the Class of 1960 sadly depart. Beginning now a life of our own, we set out with hopeful hearts to fulfill a certain goal in life. We will become the leaders in the growing society of our great nation; we will build the basis for a more prosperous future, and will help to create peace and good will among all people. Yes, we are the ones who will make this world a better and safer one in which to live. We are the leaders of tomorrow. We bid you all farewell and good luck.

High School Hi-Lights

FRESHMEN

How we hated for lunch period to come each day. As you see, we were always last in line.

SOPHOMORES

Money was needed for our Junior-Senior Banquet. Our money raising project was selling magazines.

JUNIORS

Thursday, February 5, 1959. This date will always remain as a remembrance of our school days, for on this day we received our class rings.

SENIORS

After our annual was sent to press, we began planning for our trip to New York and Washington. This was one of the most outstanding hi-lights of our school days.

We gave a lot of thought in preparing our layout pages.

The SMOKE SIGNALS staff has spent much time in preparing this 1960 edition. Planning, raising money, taking pcitures, typing, identifying pictures, laying out our "Dummy" and many more tedious tasks were our problems. We hope the finished product gives you as much pleasure to look at and read, as we have had in preparing it.

The boys always enjoyed looking at the pictures, especially those of girls.

The annual Harvest Program was once again presented by the Senior class. The program consisted of students representing the countries of Hawaii, Brazil, China, France, and Alaska. The Pilgrim and Indian could not be forgotten since they are responsible for our Thanksgiving today. Our program would not have been complete without the American teen-ager. Each representative brought a gift to the king and queen as did every student in school. The food collected was given to the Salvation Army for distribution among needy families.

GLEE CLUB

Director, Miss Carolyn Beaty

Those who enjoy music have an opportunity to participate in the Glee Club. This carries credit toward graduation.

Advisor, Mrs. George Deaton

Members of the Library Club help in keeping the books in repair, shelves neat, and arouse interest in reading. The experience derived from their work and the association with good literature is educational.
